## ***Read Me First – Alaska Medicaid***

### **Prescription Requirements**

- Medicaid requires that the client have a face-to-face examination with their physician no more than 6 months prior to the **shipment** of the speech generating device (SGD).
- The physician must document that the client was evaluated and/or treated for a condition that supports the SGD. The signed documentation (chart notes or office visit notes) must be provided along with the written order for the SGD.
- The appointment needs to occur prior to the Physician completing the Alaska Medicaid Certificate of Medical Necessity.
- The Physician must be a Medicaid enrolled provider.
